**4010-L-ANK** driver complete, long

### Smile Line driver SPI<sup>1</sup> compatible

**4000-SPI** driver end only  
**4010-SPI** driver complete  
**4000-L-SPI** driver end only, long  
**4010-L-SPI** driver complete, long

4000-FRI

4000-As

4000-BC

4010-L-STR driver complete

Smile Line's implant drivers set has become an essential accessory in many dental laboratories.

It gathers 8 different models of screwdrivers compatible with the most popular dental implant systems on the market: Nobel Biocare, Straumann, Astra Tech, 3i, Camlog, SPI Ankylos, Friadent<sup>1</sup>.

It is interesting to understand that the set will provide a compatible driver tip for the screws of the majority of implant systems that are not on our list.

The set is supplied with regular length driver tips but you also have the possibility to order every individual driver tip separately, for example for creating your own set with x-long tips.

Description	Item no.
Implant-Drivers Station, complete set incl. 8 implant drivers (standard length) and one solid aluminum cube, nature anodized	4300
Aluminum cube-station, nature anodized	4301
Aluminum cube-station, black anodized	4302

<sup>1</sup>Nobel Biocare, Straumann, Astra Tech, 3i, Camlog, SPI, Ankylos, Friadent are all registered Trademarks.
